THE MOST WONDERFUL Discovery of the Age. HIS remarkable preparation contains no alcoholic stim-I ulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the s cretions and secre-live organs, so as to supply the former with the necessary coluting matter, and upon the latter, so as to complet restore their impaired or lost functions. All this the propr eter has a right to say, for it has done all this for him. the age of thirty-seven he was as gray as the man of sev-enty, and his hair nearly all fallen off; but he now has an ship and no person would ever imagine that he ever had a gray hair; and he had is as soft and pliable as though it had been recently clied. This is not an isolated case; it has done the same for many others, as the following CONNECTING at Paducah with Louisville and St. Louis C. certificates abundantly prove.

Sr. Paur, Jan. 1, 1855.
Prof. O. J. Wood-Dear Sir: Unsolicited I send you this certificate. After being nearly bald for a long time, and baving tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a trial. I placed myscif in the hands of a harber and had my head rubbed with a good stiff trush, and the Restorative then applied and well rubbed in till the scrip was all a glow. This I repeated every morning, and in three weeks the onny hair appeared, and grew rapidly from August last up to the present time, and is now black, thick and strong-soft and pleasant to the touch, whereas before it was barsh and wiry, what little there was of it, and that fittle was dis-appearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect cron of hair. Now I have read of these tidings-and who has cen any case in which any onies, &c., of the day; and it really gives me pleasure to your preparation to others, and it already has a large and here will conside with me in what I have written. The supply you sent us as the wholesale agents of the Territory For Memphis, New Ociones, St. Louis, is aiready exhausted, and daily inquiries are made for it.— You deserve credit for your discovery. I, for one, return you my thanks for the benefit it has done me, for I certainly ad design red long, long ago of ever effecting any such reuit. I congratulate you that your fortune (and a large one)

is already made.
Yours, hastily, J. W. BOND. Castvis, Ill., June 27, 1853. I have used Prof. O. J. Wood's Hair restorative, and have admired its wonderfole effect. My hair was becoming, as I thought, prematurely gray but by the use of his Restara-tive, it has resumed its original color, and I have no doubt SIDNEY BREESE, ermaneutly so. Ex-Senator United States.

BROOKFORD, Jan. 19, 1855. Prof. Wood-Dear Sir: Having made trial of your Hair Be-to-rative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troub-led from childhood, and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit.
Yours, truly,
J. K. BRAGG.
